

Get paid every month. From home. Without a job.

This is the offer. Two ways to work with me, 1:1, from your skill to a 6-figure recurring income. Read it before our call, so the thirty minutes go on your business, not on the brochure.

THE FRAMEWORK

ONE PERSON

One kind of customer, in one situation, with a name.

ONE PROBLEM

Expensive enough that they will pay to make it go away.

ONE PRODUCT

A service, a decision, or a product. One, not a menu.

ONE PROMISE

The result, for whom, at a price, in a timeframe. One sentence.

TWO WAYS IN

	THE 7-DAY DIGITAL BUSINESS FOUNDATION	THE 90-DAY DIGITAL BUSINESS SETUP CHALLENGE
For	Getting 100% clear before you launch	Building the whole business, to paying clients
Length	Seven days of 1:1 hand-holding	Ninety days, weekly 1:1, WhatsApp on working days
You leave with	Person, problem, product, promise, page plan, recurring-income plan	Website live, first paying clients, pipeline and systems that repeat
Guarantee	Full refund up to 24 hours before we start	Paying client by day 90, or I keep working at no cost
Fee	₹7,500	₹75,000 · or 3 × ₹27,500

The Foundation fee is credited in full toward the Challenge if you join within 60 days.

Most people start with the Foundation.

The 7-Day Digital Business Foundation

Seven days of hand-holding before you launch. You finish with 100% clarity on your digital business.

₹7,500

one payment · credited in full toward the Challenge within 60 days

DAY BY DAY

Day 1	Your customer, named. A real person in a real situation, not a category. Your model chosen: services, consulting or products. We do this together on a call.
Day 2	The problem, priced. What it costs them in money or time when it stays unsolved. This number becomes your pricing power.
Day 3	Your offer in one sentence: the result, for whom, at a price, in a timeframe. You say the price out loud to me first.
Day 4	Proof. What you have already done for anyone, paid or unpaid, turned into the one line that goes on your page.
Day 5	The one-page plan: who you help, the offer with the price, the proof, the way to book you. And the first five outreach messages, written.
Day 6	The pipeline on paper: where your first ten conversations will come from, and the three-line message that starts them.
Day 7	Your recurring-income plan: price × clients × hours, on one page, with the road from here to a 6-figure month. Then the decision: launch alone, or build it together.

How we work

- One 90-minute call on day 1, then daily 1:1 on WhatsApp and short calls as needed
- Every day has one task. You do it, I review it the same day
- You keep every document we make

Who it is for

- You scored Almost there, or you want to be certain before you commit ninety days
- You have a skill people ask you for and five hours a week
- You would rather be clear in a week than busy for a year

Refund: full refund up to 24 hours before we start. After that the fee is earned by the work done, and it is credited in full if you join the Challenge within 60 days.

The 90-Day Digital Business Setup Challenge

The whole build, 1:1. From your skill to paying clients who come back every month, with the website, the pipeline and the systems that make it repeat.

₹75,000 or 3 × ₹27,500 · overseas clients pay in USD

WEEK BY WEEK

Week 1	Everything in the Foundation: person, problem, product, promise, proof, page plan, income plan.
Weeks 2 to 3	The offer tested on three real people until they can repeat it back, price included. Proposal and pricing written.
Week 4	Your website live. I build it with you, not assigned as homework. One page that books you.
Weeks 5 to 8	Launch. Five messages a week to people who know you. Every conversation rehearsed with me first. The first yes.
Weeks 9 to 12	Systemize from the first sale: proposal template, calendar link, invoice flow, follow-up rule. The second client without starting from zero.
Day 90	Paying clients, retainers and repeat work, and the plan from here to the number. Or we keep going at no cost until the first client is real.

What is included

- 12 weekly 1:1 sessions, 45 minutes
- WhatsApp access on working days
- Your website, built and live
- Offer, proposal, scripts, written together

What I need from you

- Five to ten hours a week
- Show up to every session
- Ship what we agree each week
- Run the framework as given, in order

The guarantee

Do the above, and if you do not have a paying client by day 90, I keep working with you at no cost until you do. Not a refund. A result.

Refund: full refund within 7 days of your first session if it is not for you. After that, no refund on fees paid, because the work delivered each week cannot be returned. Future instalments stop if you leave.

Questions people ask before they say yes

Is a 6-figure recurring income guaranteed?

No. Anyone who guarantees income is lying to you. It is the number we build toward, and the maths is done for your case on the call: your price × your clients × your hours. What is guaranteed is the first paying client, or we keep working.

I have a full-time job.

Fine, if you have five to ten hours a week. The Challenge needs 45 minutes with me and about four hours of doing. Many people build while employed and leave when the business can carry them.

Is this a course?

No. There are no videos. Every week we sit down 1:1 and work on your business. You leave each session with something finished, not notes.

What if I am afraid nobody will buy?

Everyone is. You say your price to me first, in practice. Then to a client. The fear does not survive the first yes, and if there is no yes by day 90, we keep going.

Why is there a Fit Score and a call first?

I work with around ten Challenge clients at a time and take six free calls a week. The score and the call make sure the ninety days will work for both of us. If not yet, I will say so.

Can I pay in instalments?

Yes. The Challenge is three payments of ₹27,500. The Foundation is one payment of ₹7,500, credited in full if you join the Challenge within 60 days.

HOW TO START

- 1 Reply to the message this came with, or WhatsApp +91 98193 59393, with the word **FOUNDATION** or **CHALLENGE**.
- 2 You get a payment link and a one-page agreement. Pay by UPI, card or bank transfer. Overseas, by card in USD.
- 3 Within 24 hours of payment you get your day-1 call time and an onboarding form: your skill, your three people, your hours.
- 4 Day 1. We name your customer. Everything else follows in order.

Not sure which one? Book the free call.

Thirty minutes on your potential, positioning, market, offer and earning. You leave with the map either way.
